Dr. Gary Teng

5:30 pm – 6:20 pm, 2/26/2007 (Monday)
Denny Building, Room 220

Current Supply Chain Challenges due to Ocean Terminal and Rail Constraints

David Bennett
Vice President Sales & Development
Globe Express Services

Mr. David Bennett is the Vice President Sales & Development for Globe Express Services, a leading international third party logistics (3PL) provider serving the furniture industry. Mr. Bennett is a respected logistics professional with extensive experience on both the liner and 3PL side of industry. David rejoined Globe Express in February 2006 after formerly serving as the Vice President Sales–Western Region for K-Line America based in Huntington Beach, CA.

David brings first hand knowledge of port and terminal operations along with a unique executive level perspective on various issues involved with West Coast shipping. While at K-Line, David also served on the board of the Pacific Merchant Shipping Association (PMSA), a prominent industry organization representing international shippers in the areas of labor contract negotiations, port operations, environmental issues and other important maritime concerns.

David's appointment at Globe Express is a homecoming given that he began his international logistics career with the company, playing a key sales role from 1992 to 1998. David holds a Bachelor of Science degree from the University of Tennessee. He recently relocated to the Charlotte area from California with his wife, twin sons and dog. The family enjoys little league baseball and now supports their beloved Los Angeles Angels from afar.
