Optimizing Total Supply Chain Cost with Integrated Supply

J. Wade Reece
Purchasing Manager
Duke Power

Wade Reece's career with Duke Energy spans 21 years and includes experience with overall supply chain management including purchasing, inventory control, warehousing, investment recovery, systems administration, project management and marketing. His recent assignments included facilitating strategic alliances and project management (domestic and international). Wade, an industrial engineering graduate (Auburn University) and Certified Purchasing Manager (Institute of Supply Management), currently serves as the strategic sourcing manager for Duke Power.
